

ABOUT

This document describes the bylaws and operating guidelines for the Madison Area Scratch Tour (hereafter referred to as MAST). All information contained herein is the property of MAST and does not imply any other rules or procedures not specifically addressed within this document. The MAST Tour Bylaws will be updated as the need arises.

MISSION

The mission of the MAST is to promote scratch tournament bowling in the Madison area through a series of one-day scratch tournaments and a two-day year-end tournament conducted under the rules and certification of the United States Bowling Congress (USBC).

MEMBERSHIP

Each bowler who participates in a MAST tournament is required to pay an annual membership fee of \$10.00. This fee is used to offset tour expenses. Any remaining amount beyond these costs is used to supplement the year-end tournament prize fund. Seasonal first-time bowlers in the final regular tournament of the season and one-time 'house' bowlers are exempt from this membership fee.

BRING A BUDDY

Starting with the first tournament in November of each season, a paid member will receive a \$5.00 cash rebate for each new member he or she brings to a MAST tournament, excluding the final regular tournament of the season. This program is open to all paid members, except the tournament directors.

TOURNAMENT LANE CONDITIONS

MAST will encourage a variety of playing conditions. The selection and application of any patterns used by the host centers are entirely the responsibility of the center. MAST will not impose a pattern on any host center, as a condition for hosting a MAST event, nor will any member of the MAST tournament directorship be involved in the selection or application of any pattern at any center.

STANDARD TOURNAMENTS

MAST tournaments will be open to all certified USBC bowlers with the exception of exempt national touring members of the Professional Bowlers Association (PBA).

The tournaments will be scheduled no earlier than September 1 and no later than April 15 of the bowling season.

All bowling is certified and all entrants must have a current USBC individual membership card, purchase an affiliate USBC membership card or pay the USBC participation fee in order to participate in any MAST tournament.

STANDARD TOURNAMENT PRIZES

Additional sponsor prize funds will increase the payout schedule proportionally.

Each bowler who loses a roll-off for the final qualifying spot receives a payout equal to one half of the payout for the losers of the first round of match play.

Tournaments with more than 64 entries will pay additional places on a 1:4 payout ratio.

Each tournament champion receives a MAST championship plaque, which is awarded immediately after the championship match.

YEAR END TOURNAMENT

The MAST season will culminate with a two-day year-end tournament, which is open to the MAST members who have competed in at least five of the regular season tournaments.

They must also be in one of the top 40 point positions on the MAST year-end points list.

If one or more members in the top 40 point positions cannot attend the year-end tournament, the member(s) in position 41 (42, 43, etc., if necessary) become eligible for the year end tournament provided that he or she has bowled in at least five of the regular season tournaments. This process will be repeated to ensure that the year-end tournament will start with a full field of 40 bowlers.

YEAR END TOURNAMENT PRIZES

In addition to prize money, the year-end tournament champion receives a MAST tournament plaque, which is awarded immediately after the championship match.

The bowler with the highest average for all games bowled during the regular season tournaments receives a plaque, which recognizes this achievement.

Bowlers must have competed in at least 75% of the regular season tournaments to be eligible for this award. This award will be presented between the two four game qualifying blocks on the first day of the year-end tournament.

The top ten bowlers on the MAST year-end points list will receive cash awards in recognition of their final point standing in the regular season tournaments. Bowlers must have competed in at least half of the regular season tournaments to be eligible for these awards.

These awards will be presented between the two four game qualifying blocks on the first day of the year-end tournament.

FINAL AUTHORITY

The MAST tournament director will settle all disputes, including tournament eligibility. The decision of the tournament director is final on the interpretation of all MAST rules, procedures, and information contained in this document, the MAST regular tournament rules and payout schedule, the MAST year-end point list, and the MAST year-end tournament rules and payout schedule. Any other dispute is subject to the appeal process inherent in USBC rule 329.
